- Field Director – Kali Tiger Reserve

Kali Tiger Reserve – Engaging public in Forest Conservation

• “**KALI**” highlighting organic linkages between culture / livelihoods / forests / wildlife

- 533K views, birth of **KTR**, big push to ecotourism and green livelihoods
- Sensitization of forest-dwelling communities.
- Public engagement in poverty alleviation / voluntary relocation
- More than **500 families brought to main stream** of the society
- Showing tiger is **more remunerative than hunting tiger**
- Created **thousands of acres of inviolate wildlife habitat**.
- Strengthened long-term tiger conservation strategy.

Testimonials

- Recognized with **State Environment Award (2016)**
- Tourism award by FKCCI
- Dr. Chuck McDougal Memorial Award
- Featured in **COP-21 Paris Summit**

An aerial photograph of a village nestled in a valley. The village consists of several small, red-roofed buildings clustered together. The surrounding landscape is a mix of lush green fields and dense, dark green forest. The terrain appears to be hilly or mountainous, with the village situated in a central valley. The overall scene is peaceful and rural.

KALI

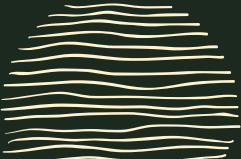

Environmental Governance

- **Real-time air & water quality parameters** put in public dashboard.
- **GPS-based vehicle tracking** for hazardous waste transport put in public dashboard
- Introduced transparent digital E-Manifest system for hazardous waste management
